

ISO/IEC 27001 Revizija

Informacije o prelasku na verziju ISO/IEC 27001:2022

Nova verzija ISO/IEC 27001 objavljena je u listopadu 2022. U tom smislu potrebno je poštivati sljedeće zahtjeve:

- Prijelaz na novu verziju mora se izvršiti prije listopada 2025. Certifikati ISO/IEC 27001:2013 bit će povučeni od 1. studenog 2025. godine.
- Prijelaz s certifikacije prema ISO/IEC 27001 verziji 2013 na verziju 2022 može se dogoditi tijekom audita recertifikacije.
- Kod promjene tijekom nadzornog audita ili posebnog audita, potrebno je za to osigurati najmanje četiri dodatna sata (ovisno o složenosti organizacije ili kontrola)
- Certifikat ISO/IEC 27001:2022 zadržava izvorni ciklus certifikacije.

Od 1. studenog 2023. nove certifikacije moguće je raditi samo prema novoj verziji ISO 27001:2022.

Information about transfer to the version ISO/IEC 27001:2022

The new version of ISO/IEC 27001 was published in October 2022.

The following requirements must be observed in this regard:

- The transfer shall be completed before October 2025, any ISO/IEC 27001:2013 certificate will be withdrawn by 1 November 2025.
- The transition from ISO/IEC 27001:2013 to version 2022 can take place during a re-certification audit.
- If the transition takes place during a surveillance audit or special audit, at least four additional hours must be scheduled for this purpose (depending on complexity of the organization/controls).
- The certificate ISO/IEC 27001:2022 will keep the original certification cycle.

With effect from 1 November 2023, initial certifications may only be carried out according to the new version ISO 27001:2022.
